## **DETAILED ACTION**

### ***Drawings and Specification***

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference characters 101, 102 and 103 have been used in FIG 4 to designate different elements than the heating roller, pressing roller and sheet peeling claw, respectively, designated in FIGS 1 and 2. Please correct FIG 4 and the specification accordingly. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
2. The disclosure is objected to because of the following informalities: "sows" should be changed to --shows-- (page 7, line 6).

Appropriate correction is required.

### ***Conclusion***

3. Claims 1-14 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Although many of the individual elements claimed appear to be known in the prior art, the *specific combination* of elements is neither suggested nor disclosed by the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

6. This application is in condition for allowance except for the following formal matters:  
please see paragraphs 1 and 2, above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
